
Share of Nano-articles Published in Q1 Journals for Countries with the Highest Number of Nano-articles in 2021

2022-08-29

A statistical survey by Statnano on 2021's nano-articles, shows that more than 48% of the indexed nano-articles in the JCR were published in Q1 journals, where China, the USA, South Korea, and India had the highest shares.
